EXPERIENCE

Classic Gold CO., Ltd.

Trader

Bangkok, TH

December 2023 – March 2026

- Conducted time-series analysis on gold spot (XAU/USD), integrating macroeconomic variables such as interest rates, inflation, and foreign exchange (FX) movements to identify trends and support data-driven decision-making.
- Act as a market maker, dynamically adjusting bid-ask spreads based on liquidity and volatility to contribute trading margins.
- Controlled portfolio exposure, margin levels, and hedge positions to maintain effective risk control and optimize risk-adjusted returns.
- Collaborated with a cross-functional team to manage cash flow and physical gold inventory, minimizing operational risks.
- Executed real-time trading decisions, including position squaring and loss control, to preserve capital and stabilize P&L.
- Executed FX transactions and cross-border gold trading operations, ensuring efficient liquidity management.
- Optimized capital allocation by negotiating trading costs with banks and counterparties, enhancing net returns.
- Managed end-to-end import/export documentation, including contracts, invoices, packing lists, instructions, and remittances, ensuring accuracy and completeness.
- Maintained accurate records of cross-border trading and operational data to support reporting and audit requirements.

Centre for Research on Inequality and Social Policy (CRISP)

Research Assistant Intern

Bangkok, TH

June 2022 – July 2022

- Created data-driven infographics for social media (Facebook) to attract audience interest and generate engagement.
- Produced engaging content and web articles to present information clearly and effectively influence audiences.
